

Does the map look cluttered?

CHANGING THE CHART DETAIL SETTINGS ON THE UNIT WILL EFFECT THE AMOUNT OF DATA THE E-CARD DISPLAYS.

On the Chart Screen, select the MENU button in the top right corner. Under the Chart Menu, select OPTIONS, then select CHART OPTIONS. Changing the Chart Detail between Low, Medium & Full will modify the amount of added value displayed on the chart screen of the Unit.

**** Helpful Hint: You can hide all or specific added value on the Unit by adjusting the Categories. ****

~ See the FAQ about hiding added value with the Categories feature on the Unit!

CHANGING CHART DETAIL WILL NOT EFFECT RESOLUTION OR SPEED OF THE E-CARD.

ALL SCREENSHOTS TAKEN AT 0.5 MILE ZOOM RANGE WITH SAME COVERAGE AREA

**** Example of Added Value from a Professional Edition E-Card ****

CHART DETAIL: LOW
Displays the least amount of added value features on the Unit screen.
LEAST CLUTTERED!

CHART DETAIL: MEDIUM
Displays most added value, however, some added value features are hidden.
MOST POPULAR!

CHART DETAIL: FULL
Displays ALL added value. Full will NOT hide any added value features.
LET ME SEE IT ALL!
